

2023

Quality Improvement Plan Summary

Goolwa Children's Centre

Service approval number:
KINDERGARTEN SE 00010436
CHILDCARE SE 00012143

Goals	Challenge of Practice	Success Criteria
Goal 1: To improve children's expressive and receptive language skills capacity to support positive social interactions with peers and adults.	If educators research the Zones of Regulation and intentionally implement recommended pedagogies that support children's expressive and receptive language skills, then children's ability to positively connect with peers and adults will improve.	Through ongoing analysis of our pedagogical documentation, we will see children: - using increasingly sophisticated language to connect and communicate - being clearly understood by their peers and adults - managing their own self-regulation using Zones of Regulation strategies

National Quality Framework Priorities	Key steps
Enhance educators understanding and use of pedagogical documentation as an authentic assessment and planning tool.	Preschool staff to continue with Noarlunga 4 Ped Doc project online training and coach and support childcare staff. Share children's learning journals regularly with families to gather family voice.
Deepen and extend our site understanding and focus on sustainability	Appoint a sustainability lead teacher. Move away from paper-based sign in for staff and families Utilise our gardens to deepen and extend our site focus on healthy eating
Deepen and extend our site focus and work on cultural inclusivity	Continue to develop our RAP Continue to work with families to share cultural celebrations with the site.
