

2024

Quality Improvement Plan Summary

Goolwa Children's Centre

Service approval number:
KINDERGARTEN SE 00010436 CHILDCARE SE
00012143

Goals	Challenge of Practice	Success Criteria
To improve children's resilience.	If educators research Growth Mindset and intentionally implement recommended pedagogies that support children to develop this disposition, then children's ability to demonstrate resilience will improve.	Through ongoing analysis of our documentation, we will see children: - persist when they encounter a problem - talk about how they are feeling to problem solve - bounce back quickly from negative emotions - demonstrate resilience using growth mindset strategies

National Quality Framework Priorities	Key steps
Deepen and extend our site focus and work on cultural inclusivity.	Continue to develop our RAP Continue to work with families to share cultural celebrations, languages with the site
Deepen and extend our site understanding and focus on sustainability	1. Move away from paper-based sign in for staff and families 2. Utilise our gardens to deepen and extend our site focus on healthy eating <ul style="list-style-type: none">Engage community volunteersEngage with Cittaslow 3. Engage with Beach Kindy adopt-a-spot 4. Collaborate with elders to teach staff and children about caring for land
